MESSAGE

In the recently concluded Rio Olympics, India bagged only two medals, whereas we are more than 130 crore people in which approx 40% of population is below 30 years of age. If we ponder over the reason behind it, it is observed that games and sports need strict discipline, consistent effort, good health, accurate concentration, commitment, dedication, competitive spirit, confidence etc which is tougher than studying any subject.

We hope our children, who are the best minds of the district, will understand the complexity of excelling in the field of games and sports and devote themselves accordingly.

Patna
1st September, 2016

Dr D S KUMAR
DEPUTY COMMISSIONER
PATNA REGION
